

Practical 1 - Aim - To study various phishing attacks and their countermeasures.

Nishant Koshti • Jul 7 (Edited Jul 29)

9/10

Due Jul 11

Submit your practical in pdf or doc format only. Take care that nothing should be taken from ChatGPT as I will give zero marking to the practical's taken from there. Later there will be a plagiarism report also generated of your merged file so take care of the same and submit your practical before deadline.
